Dear parents;

As we are preparing to train our staff for the summer of 2012 we would like to include some parents' perspectives. If you would be willing to complete this form, it would help the staff get a good idea of some of the concerns parents have when sending a child to camp. Our training weekend is in early June, so if you return this to us by June 1 we could include your input.

Thank you for your support in helping us train our summer staff in preparation to work with your children.

Sincerely,

  
Meg Neitz  
Program Manager

  
JoAnne Carroll  
Day Camp Director
